This unit (C&G 6160-04) is for the entry controller/top person who controls entry and arrangements for confined spaces without entering them. It includes the duties of an entry controller, pre-entry procedures, entry into and exit from the confined space, maintaining communications and initiating and controlling emergency procedures.

Duration: 1 day.

Candidates will learn how to:

- Implement procedures for teams working in confined spaces
- Control safe entry and exit to the confined space
- Monitor the work team to ensure procedures are followed
- Control emergency situations
- Understand health and safety and environmental legislation
- Understand standard protocols for work in confined spaces
- Understand entry controller duties and responsibilities
- Understand equipment checks and testing required
